WINE LIST

AUTUMN 2019

At Gowings bar and grill our wine list celebrates the diversity in grape variety, region, style and philosophy that make's today's wine industry so exciting. Our wine list is global but focuses on

Australia with a slight Italian accent featuring the wines that these two countries do well showcasing new and artisanal producers as well as the legends that came before them and built the industry we know today. However a wine list is really just numbers and letters on paper, you need a person to bring it to life; so we approach wine service this way. It's not about selling you the 'best' wine, its finding you the 'right' wine. The wine that matches the reasons why you are here, the food you are eating and the people you are with. This is what we think makes a good bottle great and a meal memorable.

WINE AND FOOD

Ask anyone about their favourite wine and they rarely start with the name of the wine and its price tag. Their memories of that bottle are nearly always framed by where they were, who they were with and what they were eating. Wine is a great drink, sometimes a moving and soulful liquid however, we believe it's only with a sense of occasion, good company and great food that wine realises its true potential. Because of this, we use the language of our chefs and menu to help us unlock great food and wine pairings. Some of our favourites are below
